BUTLER THEATER

As an added attraction at the Butler this evening, the all-star six-piece orchestra will render a high class musical program during the first show. The feature picture is "The Last Man," a Vitaphone Blue Ribbon production, in five parts, with an all-star cast, including William Duncan, Mary Anderson, Corinne Griffith, Jack Mower and Otto Lederer, and is overflowing with thrills, real thrills—the kind that every audience loves to experience. This is only one of the many genuine thrills contained in "The Last Man," the picture which has received excellent criticisms wherever shown. The preliminary reel will be Pathe Weekly, with all the current events. Tomorrow, Burton Holmes travels, "In Southern Italy," and Fannie Ward in "A Gutter Magdalene."

Thursday, the big seven-reel motion picture spectacle, "The Fall of a Nation," sequel to "The Birth of a Nation."

They will make Tonopah their home. DR. GEO. P. DEVINE arrived from the north by auto this morning and continued on to Goldfield.

THOMAS F. M. FITZGERALD, superintendent of the Belmont Mining company, who has been absent taking treatment at medicinal springs for rheumatism, has returned after an absence of a month.

C. K. LORING of the Belmont office force has gone to Dunton, Colo., to join the Belmont force at that camp. Mr. Loring will be gone a month, providing he is not snowed in in the Sunny San Juan.

MRS. W. R. GIBSON and daughter of Round Mountain left this morning for Los Angeles. They will then visit Denver and continue on to Schell City, Missouri, where they will remain for the winter.

TWENTY CARLOADS OF INYO PEOPLE

JIM BUTLER AND HIS BUNCH OF BALLTOSERS ARRIVE FOR THE BIG GAME

Nearly twenty carloads of Inyo county people arrived today for the big game of basketball to be played this evening in the high school gymnasium by the Big Pine and Tonopah teams. Jim Butler, discoverer of Tonopah, was among the guests and the Inyoites rolled in with the cry: "We are bringing your father home."

It will be some game and some night. Both teams are in the finest fettle and have been training hard for this, the crucial game of the season, as it is an interstate event, with enthusiasm running high on both sides. The Inyoites are big huskies, clean-limbed and cool-headed. Tonopah has a team that is one of the best in Nevada, the U. of N. probably being the only other in its class. Strength, agility, headwork, all will be evidenced this evening, and no matter which side wins, it will be a glorious victory and a defeat without dishonor.

After the game the visiting team will be served supper at domestic science quarters, where they will be given an opportunity to learn how well the lassies of Tonopah are being trained in culinary art. At 10 o'clock dancing will begin.

IF YOU HAVE ENGINE TROUBLE, READ THIS

When the ignition system of an engine depends upon a battery, the possibility of trouble is evident—so much else depends on that battery, too.

Ignition should be alone, independent of all other units; it should be produced by a good magneto which performs no other function than producing reliable and efficient ignition. When you have magneto ignition, then and only then can you be free of puzzling ignition worries and starting difficulties.

Special Bosch Attachments for the installation of the reliable Bosch Magneto to replace ignition systems depending upon batteries or dynamos are now available.

Brackets for installing Bosch Magnetos on Ford and Hupmobile cars carried in stock.
